The Chamber has decided to resurrect the "Business of the Month" program but instead of having a sign at your business we will be putting YOUR sign in front of the Chamber with the caption above it as "BUSINESS OF THE MONTH"

This will take place beginning August 1<sup>st</sup> and will continue and change every 1<sup>st</sup> day of the month.

For the present we will be drawing each month at the Chamber's Board of Directors meeting the business for the next month's focus. We are looking into ways to make more chances of being drawn by putting together a program that everyone will compete in. The Business of the Month will have an article written about them in the newspaper as well. You will be responsible for the sign that will be located outside the Chamber so that you can be in control of the design and the information that you would like to have on it instead of it being a generic sign. You would be able to advertise an upcoming event, or a special that you may be running that month. We would give you a 3 week notice so you can strategically plan your sign.

As always we are continuing to find ways to promote our business members and we hope this will be one more added value to your membership!
